#### ANNUAL REPORT, 1937-1938, LOS ANGELES

## BOARD OF PENSION COMMISSIONERS ANNUAL REPORT

During the fiscal year ended June 30, 1938, 109 petitions for pensions were received, of which number 104 were granted, one pending, one denied, two withdrawn and one filed. During the same period 37 pensions were discontinued. Adding the net increase of 67 to the 853 in effect at the close of the last fiscal year gives a total of 920 beneficiaries of the Fire and Police Pension Fund. These are segregated into various classes and comparative data for the fiscal year ended June 30, 1937, are set forth below:

		1936-1937	1	1	937-1938

TOTAL	409	444	853	432	488	920

As of June 30, 1938, there were 234 members of the Fire Department and 170 members of the Police Department eligible for retirement.

Financial and operating statements for the fiscal year ended June 30, 1938, are submitted herewith, along with comparative figures for the fiscal year ended June 30, 1937.

**Investments—Par Value—\$15,665,700.95.** This represents the par value of securities owned at June 30, 1938, as shown in detail on Pages 5, 6, 7, 8, 9, 10, and 11 of this report.

Securities owned are in the custody of the Treasurer of the City of Los Angeles. The securities were recently inspected by the City Controller and found to be in agreement with this report.

**Bond Premium Unamortized—Net—\$1,027,964.14.** A premium has been paid on practically all bonds which have been purchased, with the exception of Street Improvement Bonds. This premium is being properly pro-rated over the life of the issues affected, which has the effect of reducing the Earnings on Investments to the amount which the bonds were purchased to yield.

Five

The Unamortized Premium in the net sum of \$1,027,964.14 at June 30, 1938, as shown on Page 11, represents the amount at that date which is to be charged off over the life of the bonds affected.

Accrued Interest—\$269,229.68. Interest earned on bonds owned, but not received at June 30, 1938, in the sum of \$269,229.68 is shown on Page 11 of this report.

**Reserve—Delinquent Interest—\$346,889.45.** This amount represents interest delinquent as of June 30, 1938, in the amount of \$27,339.62, and is segregated so as to not reflect in the earnings, as shown on Page 11 of this report, and the difference, \$319,549.83, is the amount of interest due on foreclosed items. It is included in the face value of Certificates of Sale, Treasurer's Deeds and real property, but is segregated along with the \$27,339.62 so as to not reflect in the accumulated balance, as shown on Page 3 of this report.

### **OPERATIONS**

The Operations for the fiscal year ended June 30, 1938, resulted in a net increase of \$426,353.75, as shown in detail on Page 4. Stated in condensed form it is as follows:

	Total	Administration	Fire Pension	Police Pension
Revenue\$2, Expenditures and Adjustments 1,				\$1,172,185.05 846,741.30
\$	426,353	.75	\$100,910.00	\$ 325,443.75

The division of Receipts and Expenditures as between Fire Pensions and Police Pensions has been determined on actual results where obtainable, and in the absence of actual figures governing correct distribution of all other items, percentage figures have been employed which reflect as nearly correct final results as can be determined.

The rate of earnings on the investments of the Fire and Police Pension Fund for the past fiscal year was 3.7825%.

### ARTICLE XVII

### DEPARTMENT OF PENSIONS

Sec. 180. The Board of Pension Commissioners shall administer the fire and police pension system of the city, and have exclusive control of the administration and investment of the fire and police pension fund which may be established as hereinafter provided; provided, however, that any money in such fund shall be kept on deposit in the City Treasury or be invested in bonds and securities authorized by law as legal investment for savings banks, or in local improvement bonds issued upon any assessment levied against property in the City of Los Angeles, or in bonds of local districts of the City of Los Angeles, such bonds or other securities purchased as aforesaid to be placed in the custody of the Treasurer, who is hereby directed to act as a depository for such bonds or securities. All interest and earnings from such investments shall accrue and be deposited to the credit of the fire and police pension fund.

Sec. 181. Any member of the Fire or Police Department who shall have served in such department for thirty-five years in the aggregate in any capacity or rank whatever, on his request, or by order of the board, if it be deemed for the good of the department, shall be retired from further service in such department, and such member shall thereafter, during his lifetime, be paid in equal monthly installments from said fund a pension equal to two-thirds (2/3) of the average monthly rate of salary which such member shall have received in such department during the three years immediately preceding the date of his retirement. Provided, that after twenty-five years' aggregate service, on request of such member, or by the board for the good of the department, such member shall be retired and paid in equal monthly installments from said fund a limited pension as follows: For twenty-five years' aggregate service, fifty per cent (50 %) of the average monthly rate of salary which such member shall have received during the three years immediately preceding the date of his retirement; and an additional one and two-thirds per cent  $(1\ 2/3\ \%)$  of such average rate of salary for each year over twenty-five years and less than thirty-five years in the aggregate served by such member before retirement. Provided, further, however, that any such member of the Fire or Police Department who shall have become a member of such department prior to the taking effect of this amendment who shall have served in such department for thirty years in the aggregate in any capacity or rank whatever, shall on his request, or by order of the board, if it be deemed for the good of the department, be retired from further service in such department, and he shall thereafter, during his lifetime, be paid in equal monthly installments from said fund a pension equal to two<sub>z</sub>thirds (2/3) of the average monthly rate of salary which

such member shall have received in such department during the three years immediately preceding the date of his retirement. Provided, that after twenty years' aggregate service, on request of such member who shall have become a member of such department prior to the taking effect of this amendment, or by the board for the good of the department, such member shall be retired and paid in equal monthly installments from said fund a limited pension as follows: For twenty years' aggregate service fifty per cent (50%) of the average monthly rate of salary which such member shall have received during the three years immediately preceding the date of his retirement; and an additional one and two-thirds per cent (12/3%) of such average rate of salary for each year over twenty years and less than thirty years in the aggregate served by such member before retirement.

The provisions of this section are subject to the further conditions set forth in section  $181\frac{1}{2}$  of this charter.

Sec.  $181\frac{1}{2}$ . No member of said department entering said departments after this amendment becomes effective shall receive a pension from said Fire and Police Pension Fund, pursuant to the provisions of Section 181 of this Article, in an amount greater than eighteen hundred dollars (\$1,800.00) annually; provided, however, that an additional one and two-thirds per cent (12/3%) of the average monthly rate of salary which such member shall have received in such department during the three years immediately preceding the date of his retirement shall be paid to any such member so retired who shall have entered such department subsequent to the taking effect of this amendment for each year over twenty-five (25) years and less than thirty-five (35) years in the aggregate served by such member before retirement.

Sec. 182. Whenever any member of the Fire or Police Department shall become so physically or mentally disabled by reason of bodily injuries received in, or by reason of sickness caused by, the discharge of the duties of such person in such department as to render necessary his retirement from active service, the board shall order and direct that such member be retired from further service in such department; and thereafter such member so retired shall, during his lifetime, be paid from said pension fund a pension in an amount to be determined by the said board, but which pension shall be equal to not less than ten per cent (10%), nor more than ninety per cent (90%), of the salary attached to the rank or position held by him in such department at the date of such retirement order. Such pension shall be paid in equal monthly installments. Provided, however, that any pension granted to any member of the Fire or Police Department for disability or sickness, as provided for in this section, shall cease when the disability or sickness ceases and such member shall, subject to civil service and other provisions of this charter governing the appointment of city employees, have been restored to active duty in such department of which such person was a member at the time of retirement to the same rank or position which such person held at said time. Provided, further, that the Board of Pension Commissioners shall have the power to hear and determine all matters pertaining to the granting and termination of any pension award as provided for in this section. Said Board shall determine the degree of disability and such determination shall govern the amount of pension to be awarded to such disabled member as hereinabove provided; and provided, further, that upon the written request of any such retired member, or upon its own motion, said Board shall have the power, at any time prior to the restoration of such retired member to active service, to consider new evidence pertaining to the case of any such retired member, and to increase or decrease the amount of such pension award to be thereafter paid.

Sec.  $182\frac{1}{2}$ . If at any time any member of the Fire or of the Police Department or the widow, child or children, or dependent parent or parents of any such member, or any other person hereafter entitled under the provisions of this Article to pension benefits, shall be granted, because of the sickness, injury or death of such member, any compensation or award, under any general law providing for compensation or indemnity in case of the sickness, injury or death arising out of the performance of duty of such member, then and in that event any payments made pursuant to the provisions of this Article to such member or to such widow, child or children, dependent parent or parents or other person, shall be construed to be and shall be payments of such compensation or award under such general law, and any payments made under the provisions of this Article shall be first applied to payment of such compensation or award and any balance of such payments made pursuant to the provisions of this Article shall be deemed to be pension payments; and it is hereby provided that the pension provided for in this Article for such member or such widow, child or children, dependent parent or parents, or such other person in case of any such award under such general law, shall be reduced in amount to the difference between the amount of pension provided for in this Article, and the total amount of such compensation or award granted and paid under such general law until the total amount awarded under such general law shall have been fully paid.

After payment of the total amount of such compensation or award granted under such general law the payments herein provided for shall continue as pension benefits subject to the provisions of this Article.

Sec. 183. Whenever any member of the Fire or Police Department shall die as a result of any injury received during the performance of his duty, or from sickness caused by the discharge of such duty, or after retirement, or while eligible to retirement from such department on account of years of service, then an annual pension shall be paid in equal monthly installments to his widow, or child or children, or dependent parent or parents, in an amount equal to one-half  $(\frac{1}{2})$  of the average monthly rate of salary which such deceased member shall have received in such department during the three years immediately preceding the time of his death or the date of his retirement from active duty in such department. Said pension shall be paid to the widow during her lifetime or until she remarries, and thereafter a pension shall be paid in equal monthly installments, in an amount equal to one-half  $(\frac{1}{2})$  of Twenty-two

the average monthly rate of salary which such deceased member shall have received in such department during the three years immediately preceding the time of his death or the date of his retirement from active duty in such department to the legally appointed guardian of the child or children of such deceased member until such child or children shall have attained the age of eighteen years, or to his child or children should there be no widow until such child or children shall have attained the age of eighteen years, or to his dependent parent or parents during their lifetime or during such dependence, should there be no widow or child. Provided, however, that during the lifetime of such widow or until she shall remarry, an additional amount shall be paid to such widow for each child during the lifetime of such child, or until such child shall have married or reached the age of eighteen years, as follows: For one child twenty-five per cent (25%) of the pension allowed as hereinabove set forth; for two children forty per cent (40%) of such pension; and for three or more children fifty per cent (50%) of such pension. Provided, further, however, that no widow of a pensioner shall be entitled to a pension unless she shall have been married to such deceased pensioner at least one year prior to the date of his retirement; and provided, further, that no widow of a member of the Fire or Police Department eligible for retirement from such department, who dies from causes other than those arising out of or from the performance of his duties, shall be entitled to a pension unless she shall have been married to such deceased member for at least one year prior to the date of his death, and provided, further, that if such widow, child or children shall marry, then the pension paid to the person so marrying shall cease, and provided, further, that should the dependency of such parent or parents terminate, then the pension paid to such dependent parent or parents shall cease.

Sec. 184. That all pensions granted in accordance with the provisions of Section 181, 182 and 183 hereof shall remain in full force and effect for the period granted, and any increase or decrease of salaries of active members of the Fire and Police Departments shall not in anywise affect the amount of the pensions to be paid to retired members of such departments, or to any other person pensioned pursuant to the provisions of this Article, nor shall the amount of such pensions be changed for any other reason, except as otherwise specifically provided in this Article.

Sec. 185. For the purpose of the provisions contained herein, the Fire Department shall consist of all persons duly and regularly appointed in the Fire Department under civil service rules and regulations whose duty it is to prevent or extinguish fires in the City of Los Angeles, under whatever designation they may be described in any salary or departmental ordinance providing compensation for said Fire Department; and the Police Department shall consist of all members of such Police Department appointed under civil service rules and regulations and sworn in, as provided by law, to perform the duties of a regular police officer of the City of Los Angeles, under whatever designation that they may be described in any salary or departmental ordinance providing compensation for the members of said Police Department. The provisions as herein in this charter contained shall apply to all

Twenty-three

members of the Fire and Police Departments as in this section defined, and to all members of said departments who have been heretofore granted pensions.

Sec. 186. For the purpose of providing and maintaining a fund to meet the payments of demands drawn for the payment of pensions and the expense of said Department of Pensions a fund is hereby created to be known as the Fire and Police Pension Fund.

The Board of Pension Commissioners shall, annually, prepare a budget consisting of the estimated requirements for the next succeeding fiscal year to pay and discharge (a) disability pensions, (b) widows' pensions, (c) minors' pensions, (d) dependents' pensions, and (e) administration expense.

In addition to the foregoing there shall be included in said budget a sum equal to four per centum of the estimated total payrolls of the Fire and Police Departments for those members of the said Departments included within the pension provisions of this article, for the next succeeding fiscal year.

In the event that all payments made and to be made from said Fire and Police Pension Fund during any fiscal year shall exceed the total sum paid into said fund from all sources as hereinafter provided, then and in that event, in addition to all sums heretofore provided to be included in said budget there shall be set up therein a sum equal to the difference between the amount of moneys paid from said fund and all moneys received into said fund during said fiscal year.

For the purpose of providing funds to meet the budget of said Fire and Police Pension Fund as hereinabove described the City Council shall levy annually a tax clearly sufficient to provide the total amount of all items in said budget.

There shall be paid into said Fire and Police Pension Fund the following moneys, to-wit:

(a) All interest and earnings from the investment of said funds;

(b) All contributions and donations to the Fire and Police Departments for services by any member or members thereof, except amounts of money donated to provide for any medal or permanent competitive award;
